## Nishith Desai Associates launches AI chatbot called NaiDA

*Reportedly, NaiDA enables legal research and content integration*

Written by FE Digital Currency

January 9, 2024 16:35 IST

Going by NDA's official website, it's an India-centric global law firm

Nishith Desai Associates (NDA), a law firm at the intersection of law and technology, has announced the launch of NaiDA, an in-house developed AI chatbot exclusively designed for our lawyers.

According to an official release, NaiDA has been built with the understanding that it will not be used without customisation for client projects. Built on the GPT-4 model from OpenAI and hosted on AWS servers, NaiDA is believed to have been designed

to empower lawyers with intelligent insights in their daily workflows. From what it's understood, NaiDA enables legal research and content integration.

“With the introduction of NaiDA, we aim to be reinforcing our commitment to legal innovation. Over the years, I believe [technology](#) has played a role in driving socio-economic growth. And now, I think it is time for the legal [industry](#) to harness its potential. However, we must note that AI is not there to replace lawyers but to elevate our practice,” Nishith Desai, founder, Nishith Desai Associates, said.
