

## Top 4 bitcoin exchanges where you could invest bitcoin deflation

April 11, 2018

Bitcoin is a digital asset and payment system with approximately \$ 9.1 billion in global distribution as of August 2016. It is considered by many to be the most successful and game-changing crypto currency ever.

Last week, Bitcoin's value crossed all the time from the May \$ 1,500 mark to 4, 2017, and it has stayed over that mark until Sunday bitcoin site scripts. The recent hike in bitcoin value has attracted many traders and investors buying and *selling Bitcoin* in India. But, if you are looking to invest in this currency, you need to consider the best options in India.

Launched in 2013, Unocoin is a Bangalore-based technology startup that works, sell, store, use and accept Bitcoin, India's largest BTC-INR trading platform that allows Indians to buy.

Each month, Unocoin processes transactions worth more than INR 250M for its 210,000+ customers.

Mentioned in FAQs in their website, Unocoin states that - Since all transactions occur between bank accounts, it is a self-regulatory requirement for us to know the sender / recipient within a bitcoin transaction. To comply with KYC / AML regulation and to collect a copy of your PAN card to protect the users of illegal activities we need. It uniquely identifies you as an individual or institution to perform a particular transaction buying bitcoins with credit card. When you fill out your profile, make sure your name matches the one on the PAN card.

In just 3 years since its inception, the company has drawn more than 30 top investors from 5 countries, how much is *1 bitcoin* in dollars. Unocoin is responsible for industry-leading innovations such as the Bitcoin Systematic Purchase Plan (SBP), Bitcoin Point of Sale (POS) App and Bitcoin Over-the-Counter (OTC) trading. In April 2017, Unocoin announced its partnership with PayUbiz, a leading payment gateway, to facilitate Unocoin users **buying Bitcoin with** the net banking feature Bitcoin Mining Pay. Make the whole process of buying Bitcoin simplify, the feature is on Unocoin's home.

Zebpay has been involved in Bitcoins since its inception in 2011 claiming India's first bitcoin exchange in 2012, Zebpay guarantees fast transaction processing and the best bitcoin rates have begun.

The company puts in its website - your KYC details are the essentials for us to keep your Zebpay account *bitcoin mining as it works* . That is to secure your bitcoins in you Zebpay account. After May 7, '17, only KYC accounts verified will be able to use Zebpay, also to receive or store bitcoins to send, download airtime or buy coupons. Please check account now.

SearchTrade is a company search engine that uses bitcoins of users to search them on the platform's simplest way to pay bitcoins each time. They also allow users to 'own' keywords that earn income for them every time the words are used worldwide as part of a search query by one person.

The Singapore-based startup SearchTrade, has introduced a system to enable all parties in the Internet search engine process - the searcher, the owner of the keyword is sought, the builder of the app through the search engine and the advertisers - to profit from the process with bitcoin **free bitcoin app. With bitcoin** , the

system redistributes between the parties in the process the revenue, instead of allowing all of the profits like Google and Bing to flow to the major search engines.
