

## Invitation – Webinar

### Construction & Infrastructure | Top Causes of Claims & Disputes

HKA in association with Nishith Desai Associates, invites you to join us for a stimulating discussion on top causes of claims and disputes in projects in the construction industry space and strategies to tackle them. The session will touch upon the latest trends in resolving disputes and claim settlement worldwide, with a special focus on South Asia. The discussion will be based on HKA's CRUX Insight 2020 report, which analyses the patterns of claims and disputes emerging in construction industry globally.

This webinar is also supported by Royal Institution of Chartered Surveyors and Society of Construction Law.
